The U.S. Department of Education’s Office for Civil Rights (OCR) today announced a virtual public hearing to be held from June 7, 2021, to June 11, 2021, to gather information for improving enforcement of Title IX of the Education Amendments of 1972. The notice for the public hearing is available here, and the official hearing notice will be published in the Federal Register in the coming days.

The hearing is part of OCR’s comprehensive review of the Department’s existing regulations and other actions related to Title IX to implement President Biden’s March 8 Executive Order on Guaranteeing an Educational Environment Free from Discrimination on the Basis of Sex, Including Sexual Orientation or Gender Identity. The Executive Order stresses the Biden-Harris Administration’s commitment that the nation’s students should be guaranteed an educational environment free from discrimination on the basis of sex, including sexual harassment, which encompasses sexual violence, and including discrimination based on sexual orientation or gender identity. The hearing is also a step toward fulfilling the directives of President Biden’s Executive Order on Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation.

INVESTIGATIVE PRACTICES:
INTERVIEWING PROTOCOLS & STRATEGIES

• Ground rules (examples)
  • Remembering can be hard
  • Let information flow
  • Pausing – do not wait for me to talk

• Raising the topic

• Witness centered interview
  • Complainant/witness has a unique set of needs

• Hypothesis testing

• Interviewing aids

• Questioning and clarification

• Closure
INVESTIGATIVE PRACTICES: INTERVIEWING PROTOCOLS & STRATEGIES

• Barriers to effective disclosure:
  • Setting expectations
    • Check victim assumptions
    • Build commonality
    • Allow for venting
    • Establish trust
    • Mirror and modeling
    • Promote safety

• Identifying and addressing reluctance and motivation
  • Confirming that the complainant/witness has essential role in the interview
  • Confirming that complainant/witness must actively generate information
INVESTIGATIVE PRACTICES: INTERVIEWING PROTOCOLS & STRATEGIES

• Barriers to effective disclosure
  • Controlling the interview
    • Strategic use of question types, i.e. shifting the direction of the conversation, induce detailed descriptions, nonverbal behavior (pace, tone)
  • Setting the stage for corroboration
  • Understanding bystander behavior
  • Understanding complainant/respondent behavior
PRELIMINARY CONSIDERATIONS

• Is there a policy and Memorandum of Understanding (MOU) detailing how, why, when, and by whom the district attorney and/or police/public safety will be notified when criminal acts such as sexual assault, sexual abuse, and relationship violence are involved?
  (ATIXA, Investigation in a Box, 2015)

• Clery Warnings Required?
  • Timely warnings are triggered when an institution determines that a crime for which it must report statistics – such as a homicide, sex offense or robbery – presents a serious or continuing threat to students and employees
PRELIMINARY CONSIDERATIONS

• U.S. Department of Education recently updated guidance on January 19, 2021 to clarify that “any official...who has the authority to institute corrective measures” under the 2020 Title IX Rule “will” also be a Campus Security Authority (CSA) and thus required to report crimes under the Jeanne Clery Act at institutions of higher education for the purposes of gathering crime statistics and issuing timely warnings.

(Carter, Daniel S., Title IX Officials Must Report Crimes, Clery Fines Increased, Title IX Rule Challenge Put On Hold, SAFE Campuses, LLC, 02/04/21)
PREPARATION

• How to contact parties and witnesses and schedule interviews:
  • Who will conduct interviews
    • Remember: DOE regulations now require three separate officials to work through separate pieces of a single Title IX complaint process: a Title IX Coordinator, who receives reports of sexual misconduct; an Investigator, to gather facts and interview parties and witnesses; and a Decision Maker, to determine sanctions and remedies for parties. (2020 DOE Revisions)
  • Where interviews will be conducted
  • How information from interviews will be documented

(ATIXA, Investigation in a Box, 2015)
PREPARATION

• Review applicable policies and procedures that apply to the investigation

• Coordinate policies and procedures where more than one policy and procedure applies

• Establish a preliminary timeline for the investigation using reasonable time frames

(ATIXA, Investigation in a Box, 2015)
COLLATERAL WITNESSES

• Anyone Exclusive of Complainant / Reporter
  • Eyewitnesses
  • Fresh Complaint Witnesses
  • Access and Opportunity Witnesses
  • Corroborative Witnesses
  • Hearsay Witnesses
  • Affect and Demeanor Witnesses
  • Character Witnesses
  • Expert Witnesses
OBJECTIVES OF WITNESS INTERVIEW

• Determine the witness’ knowledge of the offense (must be relevant)
• Identify potential corroboration
  • See later: “fresh complaint / outcry”
• Anticipate explanations / defenses re: complainant
  • Family problems
  • Psychological / school problems / emotional problems
  • Any motive to lie
OBJECTIVES OF WITNESS INTERVIEWS

• Identify Bias, Motive and/or Interest
• Understand the social dynamics
  • Identify relationships between witnesses, witness loyalty, and any other potential credibility issues
AREAS OF INQUIRY

• The identities of and relationships between the parties
• The identities of and relationships between witnesses and the parties (and often, witnesses and other witnesses)
  • Try to learn whether the neutral witnesses? Loyalties? Bias?
• Details of the alleged misconduct, including date and time(line), place, circumstances, witnesses, and available corroboration

(ATIXA, Investigation in a Box, 2015)
AREAS OF INQUIRY

- Emails, text messages, photos, and conversations between parties themselves, between parties and witnesses, and between witnesses
- Social media
- Reconciling disparities between witness testimony or indications of evidence

(ATEA, Investigation in a Box, 2015)
THE NUANCED INVESTIGATION

• *Areas of Inquiry* not the focus today
• Rather straightforward
• Focus today mostly on soft factors
  • The nuances of investigative inquiry
• These following will enhance your investigative practice
  • Facilitate forensic defensibility
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• Identifying Bias
  • Direct Bias
    • Member of the same fraternity
    • Member of the same football team
    • High school friends
    • Vocal support for the accused/negative statements about the complainant
      • Always ask, “what makes you say that”
      • As the witness to provide articulable basis for perceptions
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• Indirect bias
  • “He is just a touchy/feely kind of guy”
  • Look for subtle bias, subconscious to witness
    • Victim-blaming attitudes
    • Group defensiveness
      • Teams/frats
    • Witness fears getting in trouble
      • Off the record requests
      • “Is there a reason?”
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• Identifying Affect
  • Non-verbal communication
  • Affect – a facial, vocal, or gestural behavior that can communicate
  • Behavior, emotions, and speech patterns can convey meaning better than words/language
  • Must be vigilant documenting affect in reports
  • American culture values “directness” but people are often indirect for many reasons
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• Body language and expressions
  • This includes physical movements (arms crossed, nodding head, tics), facial expressions (yawning, frowning), and gestures

• Use of eyes
  • Including where a person is looking while speaking and the length of eye contact
    • But see Asian and other cultures (disrespectful)
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• Look for Incongruent Behaviors
  • “He’s a great teacher – he is always helping the students”; looks at ground, frowning
  • Avoidance – Question: “Has he ever treated you in a sexual way?” “He’s a great teacher.” or “Not really.”
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• REMEMBER: All nonverbal communication
  • Is imprecise
  • Can’t explain complex ideas
  • Can be used to emphasize or contradict the spoken word
  • Is delivered through multiple channels
  • Often cannot transmit factual information
  • Is open to multiple interpretations
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• Look at signals as a group
  • In the aggregate

• Consider context

• Be aware that signals can be misread
  • Active listening
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• Cultural Issues
  • Look for clues of potential cultural issues
  • Identify the various racial, ethnic, and religious cultures in the community or your institution
  • Be sensitive to the diverse customs and beliefs
WITNESS INTERVIEWS
PRELIMINARY CONSIDERATIONS & STRATEGIES

• Identify how the culture arrived in the U.S.
• More particularly, identify how this witness came to arrive in your community
• During the interview, look for clues of potential problem areas
  • Cultural issues involving human sexuality
CONDUCTING THE INTERVIEW

• Interview each witness separately

• *This is the cardinal rule of interviewing witnesses*

• If possible, interview witnesses in separate locations/rooms

• Base any impression of your own on articulable and observable information

• Avoid sharing information
  • Cross-contamination
CONDUCTING THE INTERVIEW

• Open-ended questions
• Minimize suggestions
• Invite witnesses or victims to talk in their own words – allow the witness to provide a narrative
• May act as memory prompts
• Get people talking – it can often be difficult just to get a person to talk at all
CONDUCTING THE INTERVIEW

• Encourage full answers

• Aid in getting accurate answers
  • Evidence that the interviewer did nothing to coerce the witness to answer in the fashion he or she did

• Active listening
  • Taking responsibility for what you hear; accepting, clarifying, and checking meaning, content, and intent of what the other person says
  • “so what you are saying is...”
CONDUCTING THE INTERVIEW

• Set forth facts in as much detail using as much of the witness’ OWN words/wording/phrasing as possible

• Quotation marks around EXACT words
  • Still important, even when recorded

• Explore witnesses’ statement of a conclusory remark. If the witness gives a conclusion or an assessment, always follow that up with “what makes you say that?”
CONDUCTING THE INTERVIEW

• Do not interject personal opinions into the interviews
• Face to face meetings. Why?
FRESH COMPLAINT

• Besides complainant, most important witness
• Every aspect of disclosure must be explored
• What were the circumstances/context of the disclosure?
FRESH COMPLAINT

• What prompted the disclosure?
• Who exactly was present?
• What were the complainant’s exact words?
  • (use quotations)
• No exact words, ask witness to paraphrase.
FRESH COMPLAINT

• How the witness react to the disclosure?
• What did the witness say or do?
• All of these must be completely explored and document – may be hearsay exception.
ENDING THE INTERVIEW

• Instruct witnesses who may be in contact with the complainant/respondent not to discuss the matter

• Instruct witnesses not to discuss the investigation with any other witnesses
  • Cross-contamination

• Instruct witnesses to contact investigator immediately with other information that may remember or learn about
ENDING THE INTERVIEW

• Thank the witness for their time

• Leave witness with your contact information
  • Business card, phone number, cell number, email address

• Get EVERY witness’s name, address, phone/cell numbers, email address, and date of birth – always and without exception
