

## APPLICATION FORM

W&L has discretion on how to disburse CARES Act funds. We have prioritized immediate support to our students with the greatest need, along with opening this application in an effort to assist with **expenses related to the disruption of campus operations during the coronavirus pandemic**.

Students enrolled during winter and/or spring terms of 2020 are eligible to request emergency assistance.

Completion of the below will enable us to assess your request and follow-up during the week of July 13. *It is important to note that if you received immediate support through our CARES Act funds, you may not request an additional amount that will in total exceed \$2,000.*

All requests for assistance must be accompanied by relevant and supporting documentation and/or certification, which you will be asked to complete during our review of your request form.
